Procedure for Telephone Paging

1. Dial 92089 to enter the paging system. The system will respond with one beep.
2. Dial the three digit pager code. The system will isolate the preferred pager and respond with another beep.
3. Transmit your message -- you have 10 seconds (a busy signal will mark the end of 10 seconds).
4. At the end of your message press the ASTERISK (*) key on your phone.
5. To make another page, repeat the procedure.

For 7 digit pagers, dial 88, the number and proceed after the beep.
